

TATA MOTORS is committed to produce vehicles using environmentally sustainable technology. A number of features have been incorporated in **Tata Motors Passenger Car Vehicles** which have been designed to ensure environmental compatibility throughout the life cycle of the vehicle. We would like to inform you that your vehicle meets Emission norms and this is being regularly validated at the stage of manufacturing.

As a user, you too can protect the environment by operating your vehicle in a pro-active manner. A lot depends on your driving style and the way you maintain your vehicle. We are giving below a few tips for your guidance.

Driving

- Avoid frequent and violent accelerations.
- Do not carry any unnecessary weight on the vehicle as it

overloads the engine. Avoid using devices requiring high power consumption during slow traffic condition.

- Monitor the car's fuel consumption regularly and if it shows a rising trend, get the car immediately attended at our Authorised Service Centre.
- Switch off the engine during long stops at traffic jams or signals. If the situation demands that engine be kept running, avoid frequent revving up of the engine. Also avoid frequent stopping and restarting, if uncalled for.
- It is not necessary to rev up the engine before turning it off as it unnecessarily burns the fuel.
- Shift to higher gears as soon as possible. Use each gear upto 2/3rd of its maximum engine speed. A chart indicating gear shifting speed is given in this book.

Maintenance of the vehicle

- Ensure that recommended maintenance is carried out on the vehicle regularly at our Authorised Service Outlets.
- As soon as you see any leakages of oil or fuel in the car, get it attended immediately.
- Use only recommended brands and grades of lubricants and clean uncontaminated fuels.
- Get your vehicle checked for emission periodically by authorised dealer and regularly renew the P.U.C. certificate.
- Ensure that fuel filter, oil filter and breathers are periodically checked and if required, replace the same by only genuine Tata Motor's recommended brands.
- Do not pour used oils or coolants into the sewage drains, garden soil or open streams. Dispose the used
